Dear Mike,

**White Rock Wind Farm – Project Approval MP10\_0160 – Stage 1  
Notification of Commencement of Construction Works from 02 May 2016 (Condition D5)**

**1. Notification of Commencement of Construction**

White Rock Wind Farm Pty Ltd (**WRWFPL**), as the proponent for the White Rock Wind Farm (**WRWF**), proposes to commence construction of WRWF Stage 1 from Monday 2 May 2016. This letter provides notification of the commencement of construction as required by Condition D5(a).

**2. Construction Environmental Management Plan (CEMP)**

The construction will be undertaken in accordance with an update of WRWF Stage 1 Construction Environmental Management Plan (**CEMP**) approved by Department of Planning and Environment (**DPE**). An updated copy of the WRWF Stage 1 CEMP addressing MOD 3 is supplied separately.

The CEMP was conditionally approved by DPE on 11 December 2015. It has been updated to address the DPE requirements of 11 December 2015, modified Project Approval MOD 3 (01 April 2016) and, final version of Environment Protection Licence, EPL 20665 (issued 27 April 2016). WRWFPL has endeavoured to keep the updated CEMP documentation consistent with the approved CEMP document. The updated CEMP (April 2016) has been reviewed by the Environmental Representative (ER) and the final version addresses ER comments. The updated CEMP (April 2016) will be submitted to DPE together with details of the revisions that have been made since December 2015.

**3. Pre-construction Compliance Report**

In addition to notification of commencement of construction, Condition D5 requires that periodic reporting of compliance status to the Secretary, including a Pre-Construction Compliance Report (PCCR). The PCCR (April 2016) will be supplied in separate correspondence.

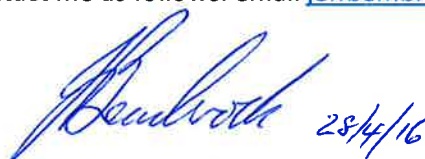

**4. Conclusion**

This letter addresses requirements of Condition D5 and provides:

- notification of commencement of WRWF Stage 1 construction works from 02 May 2016 and,
- advice on the separate submission of the Pre-Construction Compliance Report and CEMP.
